Martin Mattress Manufacturing

We are one of the few family owned and operated mattress manufacturers left in the United States. We care about product quality, craftsmanship, our skilled employees, and our customers. The foundation of our business is built upon unparalleled customer service and goods on demand. We are reaching out to institutions like yours in order to inform you of the products and services we offer. Contract bedding has been a major part of our business for twenty years. We make high quality residential and hospital/dorm mattresses. We also keep in stock all of our mattress and wholesale goods for immediate pickup or delivery. We can even make custom sized mattresses for your specialized needs. Please take a moment to look through this brochure and see if there are any goods you may need. We are more than happy to answer any questions. If you have no furniture or mattress needs right now please keep this file folder for future reference.
